Heron Watch 2017

View the herons and their chicks nesting from the Tree Tops terrace

Join us from mid-February until the end of June as we welcome back herons to their nesting site, visible from our outdoor terrace.

Watch the herons as they build their nests, lay their eggs, hatch and feed their young until the chicks fledge and leave the protection of the nest – a true spectacle of nature!

Subject to availability, on site each day from 11am – 3pm throughout we'll have:

- Binoculars
- Telescope
- Live webcam from the nests to our screen
- Expert knowledge from a team of dedicated volunteers who give up their time to help you enjoy this magical experience
